Group Policy Administrator 6.9.4 - System Requirements

October 2023

Open Text recommends the fully tested and certified platforms described in this page. However, customers running on other platforms or with untested configurations will be supported until the point Open Text determines that the root cause is the uncertified platform or configuration. Issues that can be reproduced on the certified platforms will be prioritized and fixed according to standard defect-handling policies. For more information about support polices, see Support Policies.

For more information about installation and deployment considerations, see the *Installing Group Policy Administrator*.
